# LEAF BLOWER/ VACUUM 3300W

Do you want to easily remove fallen leaves from your garden or driveway? With a powerful 3300W motor and a maximum airspeed of 270 km/h, this Powerplus leaf blower/vacuum is the ideal mate to remove any unwanted fallen foliage. The suction mode enables you to vacuum leaves and other garden waste. The built-in shredder reduces all waste 10:1, before it is caught in the extra large 45 litre collection bag. This enables you to work even longer. When full, it detaches quickly and easily.

The leaf blower's round and wide nose with double wheel support enables you to move around easily, while catching most of the weight. Thanks to the shoulder strap and the adjustable auxiliary handle, working comfortably and ergonomically is guaranteed.
